

How to Measure Your Jet Ski

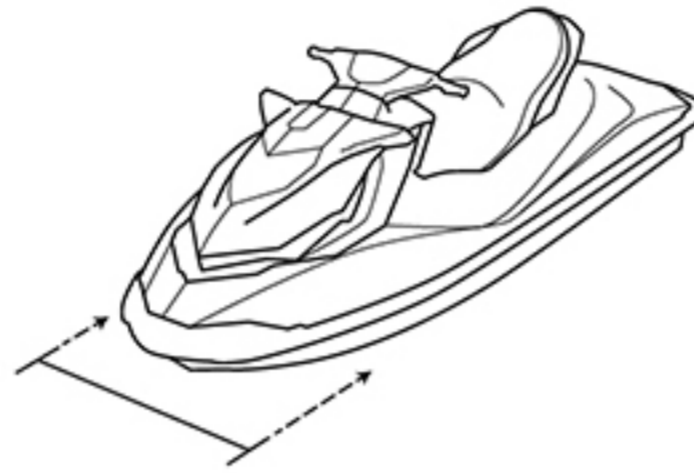

Before you order your jet ski cover, you will need to carefully measure it to ensure you are selecting the right one. Our guide below will walk you through the steps to correctly and accurately measure your jet ski to ensure you get the best fit.

Length

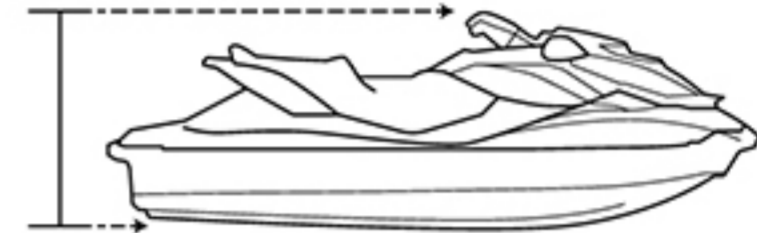

Measure from left to right across the longest part of your jet ski.

*Measure in a straight line across your jet ski, do not measure any contours.

Width

Measure from left to right across the widest part of your jet ski.

Height

Measure the tallest point of your jet ski from the ground up.

Please round up your dimensions to the nearest inch.

Additional Tips

If no cover matches your exact dimensions, choose one that is slightly larger.

You can also use our Cover Search tool to find the right cover for your jet ski. Simply enter your make and model to find the cover you need.
